ANNUAL REPORT 2022

BCA adapted and innovated to continue service to its members, in line with the objectives of the confederation during the year 2022.

PRESIDENT'S REMARKS

This year has been a challenging one as we continue to navigate the impact of the COVID-19 pandemic on our sport and its participants. Despite these challenges, I am proud to say that we were able to organise tournaments that were a world-class showcase of our sport.

Our organisation has always prioritised the safety and well-being of our athletes and officials. Therefore, we took great care in ensuring that our events were conducted in the safest possible manner. The international tournaments organised were a testament to our organisation's commitment to promoting the sport of badminton in Africa. We provided our athletes and officials with the best possible facilities, including top-notch accommodations and training facilities. This ensured that they were able to perform at their best and showcase their skills to the world.

In addition to our international tournaments, we also continued to focus on coach education and development. Our coach education programs have always been a key component of our organisation's strategy to promote the growth and development of badminton in Africa. We were pleased to see a great response to our programs this year, and we remain committed to offering more opportunities for coach development in the future.

We were also proud to see that our Shuttle Time program continued to be a success in 2022. This program has been instrumental in introducing badminton to children in Africa and promoting the sport's values of respect, teamwork, and sportsmanship. We are pleased to report that the program's continuity has been maintained and will continue to play an essential role in the development of badminton in Africa.

In conclusion, I would like to express my appreciation to all those involved in the successful organisation of our international tournaments in 2022. We recognise that there may be challenges ahead, but we remain committed to promoting the growth and development of badminton in Africa. We look forward to organising more world-class events and continuing to showcase our abilities to the world.

God Bless BCA.

Michel T. BAU
President,
Badminton Confederation Africa

FOREHAND

As I sit down to write this foreword for the BCA Annual Report, my heart is filled with a mix of emotions. On the one hand, I feel a great sense of pride in all that we have accomplished over the past five years. On the other hand, I am filled with a sense of sadness and nostalgia, as this will be my final foreword as BCA Secretary General.

It has been an honour and a privilege to serve in this role for the past years. When I first took on this position, I knew that I had big shoes to fill. But I also knew that I was joining an organisation with a rich history and a bright future.

Over the past five years, we have accomplished so much as an organisation. We have continued to build on the successes of our predecessors, expanding our reach and impact across the continent. We have launched new initiatives and programs, such as our governance structure with a new Constitution, term limits for key office bearers, independent judicial panel, fully elected athletes commission with the Chair being a full Council member, active committees and commissions with regular meetings and term of reference, increased transparency and accountability and finally alignment with the BWF Constitution.

We have also faced our fair share of challenges over the past five years. The COVID-19 pandemic has tested us in ways that we never could have imagined. But through it all, we have remained committed to our mission and our values. We have adapted and evolved, finding new ways to connect and support our members.

As I look back on my time as BCA Secretary General, I am filled with gratitude for all of the people who have supported me along the way. I am grateful to our members, who have inspired me with their passion and dedication. I am grateful to our staff, who have worked tirelessly to make our programs and initiatives a success. And I am grateful to our partners and supporters, who have believed in us and invested in our work.

As I prepare to step down from my role as BCA Secretary General, I do so with a sense of optimism for the future of our organization and our continent. I know that the BCA will continue to be a force for positive change in Africa, and I am excited to see all of the amazing things that the organization will achieve in the years to come.

In closing, I want to wish all of our members, partners, and supporters all the best in 2023. May this year be filled with hope, joy, and prosperity for all of us.

God bless Africa!

Jeff SHIGOLI
Chief Executive Officer,
Badminton Confederation Africa

FOREHAND

Dear Members of the Badminton Confederation of Africa, It is with great pleasure that I present to you the Annual Report for the year 2022 as the newly appointed CEO of the Badminton Confederation of Africa (BCA). As you are all aware, I took on this role in January 2023, and I am enthusiastic about the path that lies ahead.

As we reflect on the past year, 2022 has been a year of changes for the BCA. We bid farewell to our former Secretary General, Sahir Edoo, who left to work for the BWF. His departure marked the end of an era and the beginning of a new one. However, we are proud to continue the work that he started and build on the legacy he left behind.

Despite the challenges posed by the global pandemic, the BCA successfully organised fifteen international tournaments in 2022. The success of these tournaments was a testament to the resilience of our member associations, players, and technical officials. I commend everyone who worked tirelessly to ensure that these tournaments were a success.

The launch of the Road to Paris program during the All-Africa Championship in Egypt was a significant milestone for the BCA. This program aims to develop the skills of African players and coaches, with the ultimate goal of qualifying for the Paris 2024 Olympic Games. I am pleased to report that the program is well underway, and we look forward to seeing the progress of our players and coaches.

The continuous support of our member associations has been instrumental in our success, and I thank them for their unwavering commitment to the development of badminton in Africa. Furthermore, the increasing number of technical officials is bringing added value to our tournaments, and their fulfillment is a great success for the BCA.

As we look to the future, I am committed to bringing about a significant turnaround for the BCA. We will work tirelessly to ensure that badminton in Africa is successful. I am excited about the opportunities that lie ahead, and I look forward to working with all of you to achieve our shared goals.

Thank you.

HALL OF FAME

INTRODUCTION

1 Amidst the devastating loss of millions of lives caused by the COVID-19 pandemic and the significant impact it had on sports events worldwide in 2021, the BCA had to demonstrate adaptability and innovation to fulfil its ongoing commitment to its members in accordance with the Confederation's objectives. BCA's commitment to adaptability and innovation proved valuable as the year 2022 showed significant improvement compared to the challenges of 2021. With the continued support of its Member Associations, the Confederation was able to successfully execute the majority of its activities throughout the year, resulting in a highly successful year for BCA.

2 The year 2022 witnessed a return to normalcy in the sports environment, providing an opportunity for BCA to implement its operations and activities with renewed vigour. In light of the prevailing restrictions, BCA embraced virtual modes of communication, which facilitated a closer connection with people via the internet, including online meetings and courses. This novel approach enabled BCA to conduct some of its activities online and ensured that its services remained accessible to its members. Here are a few notable accomplishments of BCA in the year 2022. Here are a few noteworthy highlights of BCA's achievements in 2022.

- The Players Development program at BCA hosted several successful training camps in 2022, including the Players Training Camp in Namibia, the U17 Training Camp in Region 3, and the Para Badminton Training Camp, all of which played a crucial role in preparing athletes for the Road to Paris.

- BCA's Capacity Building initiatives in 2022 included several impactful events such as the Shuttle Time Coordinators and Tutors webinars held in June, the BWF Programme Leads conference in August held in Dubai, an online Finance Management Course conducted from October to November, an Events Management Course held in Zambia in November, and a Referee Workshop scheduled for December in Mauritius.

- BCA's Coach Education program organised several courses in 2022, including the BWF Level 1 Coaching Course held in Cameroon in August, which was attended by participants from Cameroon, Equatorial Guinea, Congo, DR Congo, and Central Africa. The BCA Basic Coaching Course was held in DR Congo from October, while the BWF Level 1 Coaching Course was conducted in Zambia from November, attended by participants from Lesotho, South Africa, Uganda, Botswana, Namibia, and Zambia.

- Shuttle Time will organise three courses in 2022, with the first one taking place in Kinshasa, DR Congo from April 4th to April 11th, followed by one in Namibia on June 29th, and another one in Guinea on May 28th.

1 BCA organised/participated the following activities in 2022:

Badminton Confederation Africa

7	Somalia
8	Tanzania
9	Uganda

GOVERNANCE

1 BCA held its first face to face Annual General Meeting (AGM) post COVID-19 in South Africa. The AGM, being the most important activity of the year, was competently organised with participation of (check the data) 35 Member Associations and 45 delegates.

2 The BCA held its first physical Annual General Meeting on the 25th of July 2022 in South Africa after two years of hosting virtual AGMs due to the Covid 19 Pandemic. With no proposals received from the Members the business of the AGM was to receive the various reports from the committees and approve the financials for the 2021 period.

3 To honor and appreciate the Members Associations for this success, the BCA gave awards in a beautiful ceremony conducted by the outgoing Secretary-General, Mr. Sahir Edoo

4 Uganda Badminton Association (UBA) clinched the 2021 BCA Special Achiever Award for excelling in events management despite the stringent Covid 19 regulations. Arguably the Championships of our time, UBA selflessly agreed to host

Africa's most prestigious tournament despite the financial obligations and risks during the pandemic. Receiving the Award, the President of UBA, Annette Nakanya, thanked the BCA for recognising Uganda's efforts in hosting the event and pledged Uganda's support in BCA's future events.

5 The Badminton Federation of Togo was the first recipient of the inaugural annual Africa Shuttle Time Award (ASTA). As one of BCA's flagship programs, The BWF Shuttle Time Programme has been operating in Africa for a decade.

34 countries are currently implementing the programme. The Badminton Federation of Togo emerged top for initiating innovative activities such as the Shuttle Time and Environment project. Had the highest number of schools involved in 2021, the largest number of teachers trained in 2021, the largest number of students reached in 2021, conducted activities per its annual Shuttle Time plan, organised 6 Shuttle Time trainings during the year, organised 4 regional Shuttle Time competitions and the National Shuttle Time School Championship. Togo, through, its Shuttle Time Coordinator Mr. Eliassou Lamidi. Togo has also kept good communication with the BCA throughout the year.

6 Feted at the just concluded BWF Membership forum for their exemplary use of the BWF Membership Grant, the Badminton Federation of Benin was also given the BCA Special Achiever Award for being the first Member Association to host the first tournament during the Covid 19 Pandemic.

7 The 4th edition of the African Woman in Badminton (AWIBA), was awarded to Mrs. Lynn du Preez from Namibia. Aka "Aunty" Lynn. She is also fondly referred to as the Badminton Lady in Namibia for her love of the sport,

she was elected the President of her national federation in 2021 and helped to revive our sport in the country despite the numerous difficulties. For the past 15 years, Lynn has dedicated her life to badminton and coached hundreds of young children, including African Champion Johanita Scholtz, who started her career in badminton with her in Namibia and later played for South Africa.

8 Another 2021 BCA Special Achiever Award went to Doha Hany from Egypt, who achieved what every player dreams of to qualify for the Olympics. Doha did not only qualify for the Tokyo Olympics, but she did it in fashion by qualifying in all 3 events. Miss Doha has also been crowned the 2021 African Champion with 2 Gold Medals at the All Africa Senior Championships.

9 Mariam Eniola Bolaji from Nigeria scooped the 2021 BCA Special Achiever Award. Mariam was the first-ever African to win a gold medal in a BWF sanctioned Para Badminton International tournament organised out of the African continent. Combining her skills and her determination, she graciously got the better of all her opponents to win the gold medal in the Women's Singles of the SL 3 category at the Spain Para-Badminton International.

10 Mr. Annirao Dajee, former BCA Development officer, was the recipient of the Inaugural President's Lifetime Recognition Award for his enormous contribution to the development of Badminton in Africa. For 20 years, Mr. Dajee traveled to over 30 countries to conduct BWF and BCA courses targeting players, coaches, trainers, tutors, technical officials, administrators, and other resource persons. As the BCA Development Manager, he was a key component in BCA's strategy to train "more and better" human resources.

11 Mr. Larry Keys from South Africa, received the BCA President's Lifetime Recognition Award as well. As a former BCA President, he contributed massively to the development of badminton at the African level, especially with the introduction of Shuttle Time in the early 2010s. Towards the end of his career, he also greatly contributed to bringing reforms to BCA's governance and administrative structures, paving the way to what BCA is now.

12 The composition of Council in 2022 was as follows:

Composition of Council in 2022		
1	President and BWF Vice President	Mr. Tukebana Bau (SEY)
2	Deputy President	Mr. Messaoud Zobiri (ALG)
3	Treasurer	Mrs. Chipo Zumburani (ZIM)
4	Vice President (Region 1)	Mr. Hesham Eltohamy (EGY)
5	Vice President (Region 2)	Mr. Aubin Assogba (BEN)
6	Vice President (Region 3)	Mrs. Odette Engoulou (CMR)
7	Vice President (Region 4)	Mr. Kingsley Mulenga (ZAM)
8	Vice President (Region 5)	Mr. Simon Mugabi (UGA)
9	Member	Mr. Donald Mabo (Athlete)
10	Member	Mr. Guy Armand Balcilia Beninga (CAF)
11	Member	Mr. Honore Zolobe (CIV)
12	Member	Mr. Jeff Shigoli (KEN)
13	Member	Mr. Michael Mustapha Shamsu (SLE)
14	Member	Dr (Mrs.) Moneoang Leshota (LES)
15	Member	Mr. Rajen Pultoo (MRI)

13 The following are the BCA Committees and Sub Committee (Commissions):

Athletes Commission (Elected)

- 1 Donald Mabo (ZAM) - Chair
- 2 Hadia Hosny (EGY)
- 3 Abah Enejo (NGR)

EVENTS REPORT

• INTRO

1 World class delivery and presentation of BCA events were the key objectives driving the Confederation's event implementation in 2022. With the outgoing pandemic and most MAs slowly resuming normal activities, BCA's aim in 2022 was to:

- a. Support host organisers to effectively organised its major events.
- b. Provide support to participating countries.
- c. Work on the best and safest way possible to host events during and after the pandemic.
- d. Provide world class services to athletes and officials.
- e. Showcase African badminton as a world class presentation event.

2 Apart from the 3 Continental Championships (Senior, under 19 and ParaBadminton), 15 other internationals were held in 2022:

Sn	Tournament	Date	Level	Prize Money
1	Uganda International	February	International Challenge	\$15,000
2	Uganda Jr. International	February	Junior Future Series	\$1,000
3	St Denis Reunion Open	July	International Challenge	\$25,000
4	Cameroon International	August	International Series	\$10,000
5	Benin International	September	Future Series	Nil
6	Benin Jr. International	September	Junior Future Series	Nil
7	Egypt International	October	International Series	\$10,000
8	Zambia International	November	Future Series	Nil
9	Botswana International	November	Future Series	Nil
10	South Africa International	December	Future Series	Nil
11	South Africa Jr. International	December	Junior Future Series	Nil

Sn	Tournament	Date	Level	Prize Money
1	Mauritius International	June	Future Series	Nil
2	Lagos International	August	International Challenge	\$25,000
3	Algeria International	October	Future Series	Nil
4	Algeria Jr. International	October	Junior Future Series	Nil

3 The following internationals were canceled:

- Mauritius International
- Algeria and Junior International
- Lagos International

Lagos International 2022

The Lagos International cancellation has raised some concerns, especially as it was done very close to the tournament dates. Many participating countries had already incurred expenses, including travel and accommodation fees and have made complaints to BWF concordantly. BCA's Events Committee, through the SG, has been actively working with the MA in order to address the issues and conditions that will need to be met by the MA in view of the 2023 edition, which will take place during the Olympic Qualifying Period for Paris 2024.

OUT OF AFRICA EVENTS

- 1 Total Energies Thomas & Uber Cup Finals 2022 was held in Thailand and Algeria (Men) and Egypt (Women) qualified for Africa.
- 2 For the World Championships in Japan, Egyptians Adham HATEM EL GAMAL (Men's Singles, Men's Doubles and Mixed Doubles), Ahmed SALAH (Men's Doubles) and Doha HANY (Women's Singles and Mixed Doubles), Mauritian Julien PAUL (Men's Singles) participated. However, only Julien Paul won his match in the R64.
- 3 The World Juniors Championships, in Spain, saw the participation of the junior Egyptian team comprising of boys Mohamed HEGAZY, Youssif MOHAMED and Seif OMAR and girls Jana ABDELKADER, Ganna ELWAZERY and Reem HUSSEIN.

PARA BADMINTON EVENTS

- 4 The All Africa Para Badminton Championships took place in Uganda, just after the Uganda Para Badminton International (5th edition). With BWF and BCA support, 11 African countries were present in Kampala.
- 5 Uganda Para Badminton International was another great success from Uganda Badminton Association by participation of 13 countries from the whole world.
- 6 However, the BCA Council remains concerned about the lack of political will, of some eligible countries, to organise another Para badminton international in Africa.

BCA SUPPORT TO EVENTS & OTHERS

- 7 Though the cut in budgets and income, the BCA is still committed to support organisers of international tournaments in Africa. Apart from the organisation grant of \$550, BCA supports with a photography grant of \$150 and the tournament shuttlecocks. In addition, Technical Officials like Referees and umpires are also often appointed by the BCA.
- 8 BCA directly supported the participation of MAs in its 3 major Championships in 2022. A colossal amount of \$ 58,370 was paid as grant to participating countries in 2021.
- 9 In 2022, only Uganda and Reunion Island managed to sustain their international tournaments with a min of \$10,000 prize money. The Uganda Badminton Association also successfully attracted a number of sponsors during the All Africa senior Championships held in October.

TECHNICAL OFFICIALS

1 In December 2022, BCA conducted its first Referee Workshop prior to the All Africa Under 19 Championships, in line with the strategic plan 2028 to increase the number of Referees in Africa. 11 Participants from 7 countries were supported by BCA and the participants were allocated duties during the 2 championships, the All Africa Under 19 and the All Africa School Championships.

2 Going forward, BCA will strive to appoint Referee Assessors in major tournaments in order to work on improving the current BCA Referees pool and, as well, work on making sure the referees appointed as Deputy Referees are mentored and followed as closely as possible.

3 The BCA TOC held regular meetings online and the BCA TOs database was updated. Decision making, at the Commission level, is democratic and inclusive. The Commission has also been communicating with all BCA TOs via email, WhatsApp and other platforms.

4 The BWF has designed and published quite a few resources, including manuals for Umpires, Referees, Line Judges and organisers. There are also several videos online for TOs. All these resources are available in English and French and are available on the BWF Website.

5 The Line Judge workforce was not forgotten with online training held at different levels, namely: national, continental, and international. With the Covid-19 pandemic causing many tournaments to be cancelled and many TOs not being able to travel internationally, many Line Judges appointments to tournaments could not take place as usual and, with BWF's recommendation that the current pool of Line Judges can be renewed, the BCATOC has conducted a selection process and has worked on nominations for 2023-2026..

6 The following is a consolidated table of all African BWF Technical Officials as at end of 2022:

	Sn	COUNTRY	NAME
BWF Accredited Referee	1	South Africa	BESTER Karin
	2	Mauritius	GOONEADRY Diraj Dev
BWF Umpire	1	Mauritius	GOONEADRY Diraj Dev
	2	Mauritius	MAHADOO Satiawan
	3	Botswana	KGABOETSILE Emmanuel
	4	Mauritius	SAIRALLY Yassan
	5	Mauritius	SAYED Faadil
	6	South Africa	VAN DER MERWE Andre
	7	Uganda	SEMUGABI Harriet
BWF Line Judge	1	Benin	FIFAME Honorine Vitohou
	2	Togo	GBATI Pekoula
	3	Algeria	KHERRAZ Lamia
	4	Botswana	MODIGELA Gagothata Mbi
	5	Benin	NONVIGNON Cossi Salomon
	6	Zambia	NYIRENDA Harrison John
	7	Egypt	Manareliislam Ali Awaadallah
	8	Egypt	SHADY Mashaal Ahmed
	9	Mauritius	CLAUDE Didier
	10	South Africa	PLAATJIES Megan

7 In 2021, the BWF introduced a unique category for their umpires – the BWF Umpire. Previously, it used to be an entry level with the BWF Accredited Umpire and a second level, the BWF Certificated Umpire. This change has made it more difficult for our umpires to bridge the gap and reach the BWF level.

8 As BCA does not have any BWF Certificated Referee, BCA is planning for the next few years to increase the number of referees and train them to be qualified to the BWF level.

9 The BCA TOC has identified a number of BCA Certificated Umpires who may be nominated

for BWF Assessments in 2023 and 2024. Based on the criteria set out by the Commission, these umpires will be nominated and trained before their assessments. They are from Algeria, Nigeria, and Tunisia.

10 Depending on availability, these selected Umpires will be sent to tournaments out of Africa for exposure. To assist our TOs workforce, BCA is continuing to collaborate with other Continental Confederations, namely: Badminton Europe, Badminton Asia Confederation and Badminton Oceania. This collaboration enables our Umpires to gain vital experience at higher level tournaments before their BWF Assessment.

DEVELOPMENT REPORT 2022

Coach Education

After Covid-19 situation, BCA development activities resume its development activities as we know that development activities were the most affected by the pandemic situation. So the face to face activities delivered were still low.

Four (4) BWF Level 1 and one (1) BWF Level 2 Coaching Courses were delivered in 2022. This means that the BCA trained 33 Level 1 and 8 Level 2 coaches.

Below the details of coaches trained:

BWF Level 1 Coaching Course					
Sn	Course Venue	Date	N° of Coaches Trained	N° of Countries Participating	Countries
1	Egypt	21 Dec 21 – 7 Mar 22	10	1	Egypt
2	South Africa	20 - 27 Apr	5	1	South Africa
3	Cameroon	11-18 Aug	10	5	Cameroon, Central Africa, Congo, DR Congo, Equatorial Guinea
4	Zambia	21 - 28 Nov	8	6	Botswana, Lesotho, Namibia, South Africa, Uganda, Zambia
Total			33	13	--

BWF Level 2 Coaching Course					
Sn	Course Venue	Date	N° of Coaches Trained	N° of Countries Participating	Countries
1	South Africa	27 Nov – 4 Dec	8	6	Botswana, Eritrea, South Africa, Uganda, Zambia, Zimbabwe
Total			8	6	--

From the courses 29 of the 33 Level 1 coaches qualified as BWF Coach and 5 qualified as BWF Level 2 Coach. The Level 2 coach held in South Africa was opened to the region where we had 6 countries participating.

BCA is looking forward to the training of Level 2 trainers for Africa. But Mr Dajee Annirao is still available to deliver BWF Level 2 Coaching Courses in Africa till the training of new BWF Level 2 trainers.

In 2022, with the courses above, the total number of BWF Level 1 coaches in Africa is now 421, coming from 31 countries. While the BWF Level 2 certified coaches are 77 from 14 Countries.

Egyptian Badminton Federation has self-sponsored the BWF Level 1 Coaching Course organised. 10 coaches participated to the course delivered in Arabic and all of

them have been qualified BWF Level 1 Coach. BCA Basic Coaching Course was delivered in DR Congo through a project in Collaboration with Francophone Badminton Association in line with the preparation of Francophonie Games which will take place in DR Congo. 14 players and coaches were trained and assessed to be certified BCA Coach.

As in 2022, BCA was focused on the development of the region, the BWF Level 1 Coaching Courses delivered in Cameroon and Zambia were regional where BCA has invited countries from the same region to attend the course. In Cameroon, 5 of the 6 countries of Region 3 attended the course and in Zambia 6 countries attended as mentioned above.

Compared to 2021, BCA delivered less coach education activities. The reason is that BCA was more focused on the development of the region as stated in its strategic plan.

Through the BWF Coach Education Programme, the BCA has been investing massively in the training of African coaches since 2012. So, in the second part of the year BCA has launched a new programme called "International Coaching Scholarship (ICS)" to upskill and strengthen the knowledge and capacity of top coaches in Africa. This new programme will now help these coaches to experience high level badminton training in recognised international academies.

For this first edition of the ICS, 10 Coaches from Benin, Botswana, Cameroon, Egypt, Ivory Coast, Lesotho, Mauritius, Senegal Togo and Zimbabwe have been selected to train in Malaysia. Out of these 10 coaches, 5 have been granted 100% scholarship and the remaining 5 have been granted 50% scholarship.

Coaches were also involved in a training camp organised by BCA, with the support of the Francophone Badminton Association (AFB). The camp was held just before the All Africa Under 17 Championships Region 3 held in Cameroon and the All Africa Under 19 Championships held in Mauritius. All coaches that came for the championships participated in the camp which was delivered by BCA and AFB experts.

For the first time, BCA organised a Coaching Workshop in Uganda during the All Africa Senior Championships. The objective of this workshop is to give opportunity to each top level player to learn and share techniques they are using on court. 22 coaches from 7 countries participated in the workshop where experts from Egypt, Spain, South Africa, Morocco and Uganda have shared knowledge on psychology, sport nutrition, Women's Singles tactics, Women Doubles development and Men's Singles tactics.

Shuttle Time

Shuttle Time is still one of our main projects. The progress of this programme is still amazing as we are getting new countries coming. In 2022, the Programme reached 2 more countries. Now it's implemented in 36 countries in Africa. Comoros and Reunion were the latest members to join the Programme during the year.

1	2	3	4	5	6	7	8	9	10
Algeria	Benin	Botswana	Burkina Faso	Burundi	Cameroon	Central Africa	Congo	Comoros	Djibouti
11	12	13	14	15	16	17	18	19	20
DR Congo	Egypt	Equatorial Guinea	Ethiopia	Eritrea	Ghana	Guinea	Ivory Coast	Kenya	Lesotho
21	22	23	24	25	26	27	28	29	30
Madagascar	Mauritius	Morocco	Mozambique	Niger	Nigeria	Reunion	Senegal	Sierra Leone	South Africa
31	32	33	34	35	36				
Sudan	Togo	Tunisia	Uganda	Zambia	Zimbabwe				

Following is the map of countries implementing Shuttle Time Programme in Africa.

This year, any Shuttle Time Tutors Course was organised. So, the number of Shuttle Time Tutors trained in Africa is still 493 from 31 countries.

Below the statistics on Shuttle Time Tutors' course organised since 2012:

BCA Shuttle Time Tutors Statistics												
Sn	Country	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021	Total
1	ALGERIA			15								15

TOTAL		54	15	64	72	72	103	22	34	21	36	493

Below is the graphic which shows the progression of the tutors trained since 2012. Through this graphic, we noticed that no more tutors were trained. BCA started to work on the existing tutors to make them active and very involved in their Association Shuttle Time activities.

As most of the trained tutors are not active, BCA advised the MAs to assign more than one tutor for any Shuttle Time Teachers Course they deliver locally.

One (1) Shuttle Time Teachers Course has been organised in Namibia with the participation of 16 Teachers to prepare the country to launch the Shuttle Time programme.

This year, there was also a high increase in MAs organising Shuttle Time Teachers Course. In total forty-seven (47) Shuttle Time courses were organised in eighteen (18) MAs. These countries are: Botswana, Burkina Faso, Cameroon, Comoros, DR Congo, Ethiopia, Ivory Coast, Lesotho, Madagascar, Namibia, Niger, Reunion, Senegal, South Africa, Tunisia, Togo, Zambia and Zimbabwe.

Below the consolidated number of BWF Shuttle Time Teachers trained in 2022:

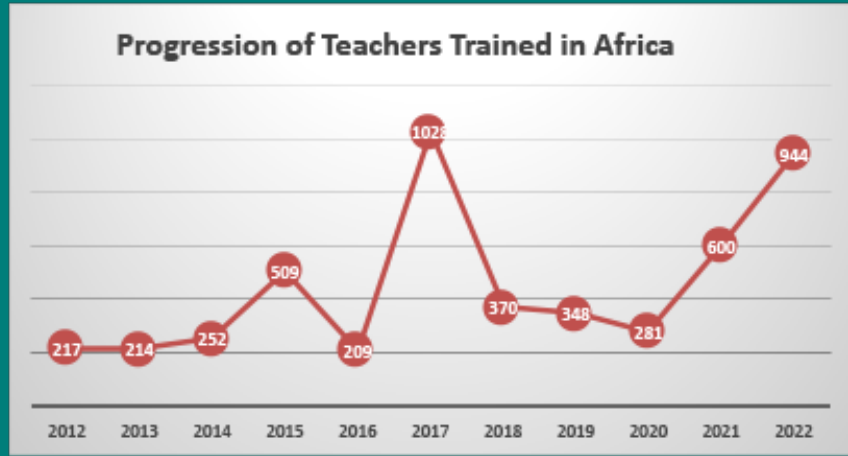

Sn	Country	Course location	Period		Teachers
1	Zambia	Solwezi	2022-10-22	2022-10-23	16

Below is the graphic which shows the progression of the tutors trained since 2012. Through this graphic, we noticed that no more tutors were trained. BCA started to work on the existing tutors to make them active and very involved in their Association Shuttle Time activities.

The chart above shows the progression of teachers trained from 2012 till 2022. After the highest increase of teachers trained in 2017, we have observed a decrease of teachers trained from 2018 to 2020 (due to covid pandemic in 2020). But in the second part of 2021 we will have an increase of the number of teachers trained due to the resumption of sport activities. Compared to 2021, more teachers were trained in 2022.

Below the chart showing the number of teachers trained in each country:

By using a part of the BWF Membership Grant and BCA Shuttle Time Teachers Grant in 2022, more teachers were trained.

Since the launch of Shuttle Teachers Grant, the application is increasing each year. 10 countries applied and delivered 27 Shuttle Time Teachers Courses.

Shuttle Time Teachers Grant		
Sn	Country	Application
1	Botswana	3
2	Burkina Faso	3
3	Cameroon	3
4	Ethiopia	3
5	Madagascar	2
6	Senegal	2
7	South Africa	3
8	Togo	3
9	Tunisia	1
10	Zambia	3
11	Zimbabwe	1
TOTAL		27

The Shuttle Time Coordinators Meeting was organised from 27 – 29 December. 25 countries participated in the meeting where the new update on Shuttle Time programme were shared. Somalia which will launch Shuttle Time in 2023 has participated in the meeting.

Shuttle Time Coordinators Meeting Attendance								
1	2	3	4	5	6	7	8	9
Algeria	Benin	Botswana	Burkina Faso	Burundi	Cameroon	Central Africa	Congo	Djibouti
10	11	12	13	14	15	16	17	18
DR Congo	Equatorial Guinea	Eritrea	Guinea	Ivory Coast	Lesotho	Madagascar	Mozambique	Niger
19	20	21	22	23	24	25		
Nigeria	Senegal	South Africa	Togo	Tunisia	Zambia	Zimbabwe		

The BWF Project of The Month has showcased two projects from Senegal called “48 Hours of Badminton at School” and Botswana called “Maun second Botswana city to host Shuttle Time” on the BWF Shuttle Time website.

These coordinators from **Burundi** (Nicolas Bikorimana), **Botswana** (Muniovandu Kandjou), **Burkina Faso** (Abou Traoré), **Congo** (Jean Paul Milandou), **Djibouti** (Samatar Abdillahi Rirache), **Egypt** (Sherif Al Gafar), **Lesotho** (Mohlala Mopeli), **Nigeria** (Suleiman Tajudeen A.), **Senegal** (Adrame Ndiaye) were showcased.

Early this year Two (2) webinars were organised for Shuttle Time Tutors and Shuttle Time Coordinators to remind them the request regarding the Shuttle Time Teachers Course delivered and share the update on Shuttle Time.

Shuttle Time Meeting in Comoros to launch officially the programme where authorities of Ministry of Sport, Ministry of Education, NOC and Republic President's Sport Counsellor were met to explain the Programme and request their support in Shuttle Time development in the country.

Players Development

After the Road To Tokyo Programme that brought good results for BCA, the ROAD TO PARIS 2024 Programme has been launched. Two (2) groups of players (A & B) have been selected according to their ranking.

By using a part of the BWF Membership Grant and BCA Shuttle Time Teachers Grant in 2022, more teachers were trained.

Since the launch of Shuttle Teachers Grant, the application is increasing each year. 10 countries applied and delivered 27 Shuttle Time Teachers Courses.

BCA is giving support to both groups to participate in a training camp and tournament where they can improve their skills and their ranking. An expert is appointed to assist and follow the players up to the Olympics with their training and the choice of tournaments during the Olympic qualification period.

Players from groups A and B participated in a training camp in Egypt and participated in Egypt International and Maldives International.

In addition to support given to top players, BCA also supported other talented players with scholarships. This is in line with BCA's strategy to "qualify and perform" in LA 2028 and Brisbane 2032. The winners of the All Africa Under 19 Championships were allocated a one-month scholarship each to train in academies.

BCA also organised, in collaboration with Francophone Badminton Association (AFB), a players training camp held in Cameroon in August together with the All Africa Under 17 Championships. The activity is in line with BCA strategy to develop its five regions and provide MAs with opportunities to get together to train, learn and compete. BCA supported all the cost of this camp with the help of AFB. The camp was led by BCA and AFB experts. Players from Cameroon, Central Africa, Congo, Dr Congo, Equatorial Guinea and Nigeria participated.

Another training camp was organised in December precluding the All Africa Under 19 Championships 2022. The camp was held in Rose-Hill and co-sponsored by the BCA and AFB. The camp was led by the BCA experts.

BCA Athlete Commission Meeting held in Uganda in October during the All Africa Senior Championships where the players in the aegis of the President of the commission Mr Donald Mabo discussed the way to help African athletes to develop and grow to international level with the support of BCA.

The Badminton World Federation (BWF) is committed to promoting integrity and education among young players in the sport, and this commitment was demonstrated through an activation held by the Badminton Confederation of Africa (BCA) in Rose Hill,

Mauritius in December 2022. The main theme of the activation was to integrate integrity values in upcoming talent while giving them a chance to pursue a career in sports, and it targeted participants of the All Africa Under 19 Championships and the All-Africa Schools Championships, both male and female.

The project involved localising integrity values from an African perspective, creating awareness of the scholarships provided by the BWF, and increasing the uptake of the BWF's Education opportunities by players from the African Continent. The location was strategic, with an I zone centre set up at the entrance of the badminton hall to be visible to all the players and entourage attending the games. The

activation provided an opportunity for players to interact with integrity values and express what integrity means to them in their local setting.

The impact of the activation was significant, with players engaging in fun activities that helped anchor integrity values permanently in their brains. Additionally, the one-on-one session with the teams on BWF Education and Dual Career enabled all the players to know the available scholarships, interact with all the available educational resource materials, and apply for these opportunities. The level of engagement with the players was so encouraging that the activation needs to be made a norm in major tournaments, according to the Key Person involved in the project.

Capacity Building

BCA maintains the online activities. Many activities were organised in 2022.

The National Administration Course was held in South Africa with 18 participants from: Algeria, Benin, Botswana, DR Congo, Ethiopia, Ivory Coast, Lesotho, Mauritius, Mozambique, South Africa, Togo, Uganda, Zimbabwe and Zambia.

The BCA Financial Management Online Course continued. The second part of the course is a complementarity of the first course held in 2021 which aims to strengthen the capacity of MAs to learn and improve their knowledge in financial management.

The course was led by the BCA treasurer with the participation of several members from MAs.

BCA through the BWF Programme Leads Course trained four (4) experts in Administration and Event Management.

BCA Events Management Course held in Zambia with participants from 5 countries participated (Botswana, Mauritius, South Africa, Uganda and Zambia). The course was organised to strengthen the capacity of MAs which currently organised a BWF sanction tournament.

AirBadminton

Some MAs officially launched AirBadminton. Cameroon and Namibia organised an AirBadminton demonstration to show the badminton family the new game and invite players and stakeholders to discover and adopt AirBadminton.

AirBadminton demonstration was organised during the Uganda Para Badminton International and Africa Para badminton Championships in Uganda. Players, coaches and team managers from India, Spain, Uganda, Ivory Coast, Central Africa, Japan, DR Congo, Burkina Faso have enjoyed playing AirBadminton.

To invite the MAs to develop AirBadminton, BCA organised the 2nd Edition of BCA AirBadminton Challenge in Mauritius during the All Africa Under 19 Championships. Some young players discovered the game for the first time. Mixed teams with players from different countries enjoyed the game, competed and at the end won medals.

Gender Equity

For several years the Gender Equity is still improving through BCA activities. At the same time MAs improved the women participation in their activities

Below the summary of rate of women participation in 2022:

Sn	Activities	Participants	No of Country participating	Female	Rate
1	BWF Level 1 Coaching Course in Zambia	8	6	5	62,5%
2	BWF Level 2 Coaching Course	9	6	3	30%
3	BWF Event Management Course	8	6	4	50%
4	BWF Level 1 Coaching Course in Cameroon	10	5	2	20%
5	Shuttle Time Teachers Grant	523	11	225	43,02%
6	Under 17 Training Camp in Cameroon	21	5	8	38,1%
7	Para Badminton Training Camp in Uganda	12	6	5	41,66%
8	Para Badminton Training Camp in Spain	3	3	2	66,66%
9	Road to Paris Training Camp in Egypt	16	5	7	43,75%
10	Para Badminton Coaches Workshop in Uganda	13	9	2	15,38%
11	1st African Coaching Workshop	17	7	3	17,65%
12	National Administrators Course	18	14	11	61,11%
13	Shuttle time Teachers Courses	944	18	359	38,02 %

In 2022, due to the efforts done by the MAs, and criteria put in place by BCA for all activities, the average of 40.60% of Women participation has been reached.

As we noticed, where the 30% is achieved, it's the area where BCA has the whole control of the activity from the selection of the participant to the implementation.

So, some MAs are working to involve the women in their activities, but the issue is still pending because the rate of Gender Equity at MAs level is very low.

Our next challenge is to go over the reasons at MAs level and propose them the way to achieve the average of 30% of women participation in each activity.

MARKETING & COMMUNICATION

The year 2022 was a remarkable year for the Badminton Confederation of Africa (BCA) as the marketing scene remained vibrant throughout the year. The BCA achieved several milestones in various departments, including social media, live events coverage, and BCA TV.

Social media played a crucial role in the BCA's marketing strategy, with the association's social media platforms experiencing significant growth in terms of followers and engagement. The BCA's social media team worked tirelessly to create engaging content, including live match updates, commentary, match highlights, and behind-the-scenes footage, which helped to increase fan engagement and participation.

The live events coverage department also made significant strides in 2022, with the BCA producing high-quality live streams of all major events. The live streams were accessible to fans worldwide, and the BCA's partnership with various streaming platforms helped to increase the reach of the events.

The BCA TV department also made significant progress in 2022, with the association launching a dedicated TV channel that focused on all things badminton in Africa. The channel featured highlights, interviews, and documentaries, and it helped to increase the visibility and popularity of badminton in the region.

In addition to these achievements, the Uganda Badminton Association (UBA) also led other Member Associations in breaking the barrier of getting record-breaking sponsors for the 2022 All Africa Senior Championships. The UBA marketing team worked tirelessly to secure sponsorship deals with several high-profile companies, and this helped to increase the profile and prestige of the event.

In conclusion, the BCA's marketing team achieved several milestones in 2022, and their efforts helped to increase the popularity and visibility of badminton in Africa. With the continued support of fans, sponsors, and stakeholders, the BCA is well-positioned to continue making progress and achieving even greater success in the years to come.

The report below highlights the key achievements and contributions towards the success of the BCA.

SOCIAL MEDIA, COMMUNICATION REPORT AND FACEBOOK STATISTICS

- 1 The Facebook page was quite popular with more than 12,438 followers by November 2022 compared to 2019 which was 6360, an increase of 95.5% in the last 3 years. With the BWF assistance, BCA is sharing at least one post per day to all fans on that platform.
- 2 BCA kept pushing on Instagram posts to attract more fans and engagement with more than 1,950 followers.
- 3 High engagement with the fans during the BCA big event e.g. AASC.
- 4 Some statistics and comparative analysis have been presented to the members to show how far BCA has reached till now.

BCA WEBSITE

New articles in English and French – at least once per week.

- 1 Articles showed: Different activities in the African countries including BCA activities and MAs activities.
- 2 Interviews with the Top African players. Any international news and updates.
- 3 Statistics about the top countries who visited BCA Website which showed some interest from non-African countries like Indonesia, France, USA, India and Malaysia.

LIVE STREAMING

- 1 Continue to Live Stream Online (Facebook and YouTube) for BCA Circuit Championships.
- 2 All Africa Senior Championships 2022 in Uganda, Africa Para Badminton Championships, Egypt International and Zambia International.
- 3 Daily interviews and commentating matches for the tournaments.

BRANDING MATERIAL

- 1 Free banners to MAs – for BCA events and MAs events.
- 2 Free t-shirts to all participants for BCA activities (Events Management Course, BWF Level 1 Coaching Course, BWF Level 2 Coaching Course and Road to Paris Programme).
- 3 Banners for BCA Development activities.

ROAD TO PARIS PROGRAMME

- 1 Free branded T-Shirts.
- 2 Photo sessions for the players
- 3 Promo video and Interviews with the players.
- 4 Social media posts on Facebook and Instagram.

SPONSORSHIPS

- 1 Africa Para Badminton Championships 2022.
- 2 Egypt, Zambia, Botswana and South Africa International tournaments.
- 3 All Sponsors provided different benefits including: Water, Medals, trophies and transportation facilities.

PHOTOGRAPHY GRANT

- 1 As in previous years, a photography grant of \$150 was allocated to the organisers of each BWF sanctioned international tournament. The grant helped organisers to produce quality photos that were then used by the members themselves or BCA for publications.
- 2 Especially this year in All Africa U15, U19 and All Africa Senior Championships

AAU19 AND SCHOOL CHAMPIONSHIPS

- 1 In December 2022, Mauritius.
- 2 Marketing plan for promotion of the tournaments.
- 3 Daily posts on social media.
- 4 Live Streaming for both tournaments.

ADMINISTRATION AND REMUNERATION COMMITTEE

INTRODUCTION

The BCA Administration and Remuneration Committee played a significant role in ensuring the smooth administration of the organisation over the past year. The committee worked closely with the council to develop and implement policies and procedures that ensure that the organisation operates in an ethical, transparent, and accountable manner.

With the growing staff, the committee recognised the need to develop a staff handbook to effectively plan and manage the human resource of the organisation. Additionally, the committee developed terms of reference for the BCA Athletes Commission to better serve the players who are at the centre of the organisation. This report highlights the key achievements and contributions of the committee towards the success of the organisation.

STAFF HANDBOOK

The BCA Administration and Remuneration Committee recognised that with the growing number of staff in the organisation, it was important to develop a comprehensive staff handbook to guide and manage the human resource of the organisation. The committee worked tirelessly to develop a staff handbook that covered all aspects of employment, including employee benefits, leave policies, performance management, and code of conduct, among others. The handbook was adopted by the council and has been instrumental in ensuring that employees are well informed about their rights, responsibilities, and expectations.

ATHLETES COMMISSION TERMS OF REFERENCE

The BCA Athletes Commission plays a crucial role in representing the interests of the players who are at the center of the organisation. The committee recognised the need to develop clear terms of reference for the commission to guide their operations effectively. The terms of reference were developed after consultations with the commission members and were designed to ensure that the commission had a clear understanding of their roles, responsibilities, and expectations. The commission has since been able to function more effectively and has been instrumental in ensuring that the players' interests are well represented.

CONCLUSION

In conclusion, the BCA Administration and Remuneration Committee has played a crucial role in ensuring the smooth administration of the organisation. The committee's efforts in developing a staff handbook, terms of reference for the Athletes Commission, and the review and development of key policies and procedures have been instrumental in ensuring that the organisation operates effectively, transparently, and accountably. The committee's contribution has been invaluable, and we commend them for their hard work and dedication to the success of the organisation.

BCA administration 2022 report at a glance

- 1 Kenya and Morocco are still suspended
- 2 Reactivation plans for Tanzania and Eswatini
- 3 Total of 46 members including 1 associate member (Reunion Island). Only Europe has more members than BCA.
- 4 The BCA 2022 AGM was held on 25 June physically for the first time after COVID 19 Pandemic and in Africa after 2014.
- 5 Introduction of BCA Awards
- 6 Support given to Member Association towards attending the physical AGM. Highly commended by all stakeholders
- 7 Latest regulations approved : athletes commission TOR, Athletes Commission Elections Guidelines amended and Staff Handbook

KEY RESPONSIBILITIES

Staff

- 1 In 2022, BCA recruited Faadil SAYED for the post of Events & IT Manager as per CCHR plan. Plans are underway for the recruitment of a Communication & Administration Officer.
- 2 After more than 9 years of service to the Confederation, our long serving Secretary General Mr. S. Edoe resigned and joined the BWF as a Head of Development Projects. His contribution to the BCA was instrumental throughout the past years.
- 3 After consultation, the BCA council resolved to restructure its administrative organogram by hiring a Chief Executive Officer (CEO) and Head of Operation (HOO) to replace the office of the Secretary General.
- 3 The anticipated staff handbook, meant to delineate all staff policies and regulations, was approved and adopted by the Council.

BCA OFFICE REGISTRATION

- 1 The registration process of the BCA Office in Mauritius is still ongoing. The BWF through its council approved the formation of the BCA Foundation to act as an intermediary in the registration of Mauritius until proper regulations are enacted to be properly registered as a confederation.
- 2 With the registration of the office, the BCA would benefit from the following:
 - i As a non-profit organisation, BCA will be exempted from Taxes.
 - ii No duties and taxes for equipment imported by BCA for distribution in Africa.
 - iii Facilities for work permit and residence permit for staff.
 - iv Facilities to grant visa on arrival for participants in BCA activities.
 - v Facilities from the Government for the hosting of Major Events.

FINANCE

1 As the COVID-19 pandemic eased, BCA was able to deliver more activities in comparison to 2021. The busy events and activities schedule for BCA in 2022 translated into full utilisation of funding received for the year. The innovative approaches that were employed by the BCA Secretariat which included online delivery of courses and meetings as well as hosting of several events and activities back-to-back in the different hosting countries - helped to reduce some travel and events costs while at the same time maximising impact of the various activities and events.

2 The return to normal was accelerated. However, the Finance Committee in close cooperation with the Secretariat remained resolute in their commitment to monitoring the financial management of BCA to ensure that efficiency in the use of BCA's financial resources continued despite the volatile and dynamic environment coming out of the pandemic. While BCA's strategy remained clear – adaptation was key to the execution and delivery of the activities and resources attached to all of them.

3 Some activities which had been postponed in 2021 for example the BCA Administration Course were held in 2022. However, the increases in costs especially around travel as normalcy returned were notable with increased costs for such events than had been anticipated at the end of 2021. On a positive note, there was also a decrease in costs related to COVID-19 including quarantine, testing etc.

4 Highlights

- We continued to observe contingent planning and budgeting to the expected volatility with COVID-19 and other crises that emerged during the year including the monkey pox situation. At the same time, we continued to exercise prudence in our budgeting.
- The Confederation utilised all the grants and income that was received for 2022 - to the tune of US\$871 thousand.
- We are pleased to report that BCA invested over US\$63 thousand in support towards the participation of Member Associations in the first BCA face-to-face AGM since the onset of COVID-19 in December 2019 and the first one on the continent since 2014.
- We realised some sponsorship from our partner organisations, and this is expected to grow in 2023
- The exponential growth in viewership numbers continued on our different social media platforms and our live streaming channels and we have started to explore this as an opportunity that can be monetized in the near future conjunction with our marketing team
- Following success with the first edition in 2021 and to continue to capacitate our Member Associations – the Finance Committee again welcomed the second edition of the Financial Management Course for key personnel in our MAs. The Finance Committee wishes to congratulate candidates from Somalia – Bashir Ismail Isse and Botswana – Essence Gaodumelwe who finished the programme and in consultation with their MAs as well as the guide provided in the course - drafted their MAs comprehensive financial management manuals.
- I want to extend a special thanks to our outgoing Secretary General, our Finance Officer Ms Lyvonja Sauramba and the rest of the team for their hard work and contribution towards our success in 2022. I wish to thank my colleagues in the Finance Committee, the BCA Treasurer and the rest of the BCA Council for all their support throughout 2022.

Badminton Confederation Africa

Annual Financial Statements for the year ended 31 December 2022

Executive Boards' Responsibilities and Approval

The bca council is required by the Companies Act of South Africa to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is its responsibility to ensure that the annual financial statements satisfy the financial reporting standards with regards to form and content and present fairly the statement of financial position, results of operations and business of the BCA, and explain the transactions and financial position of the business of the BCA at the end of the financial year. The annual financial statements are based upon appropriate accounting policies consistently applied throughout the BCA and supported by reasonable and prudent judgements and estimates.

The bca council acknowledges that it is ultimately responsible for the system of internal financial control established by the BCA and places considerable importance on maintaining a strong control environment. To enable the bca council to meet these responsibilities, the bca council sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the BCA and all employees are required to maintain the highest ethical standards in ensuring the BCA'S business is conducted in a manner that in all reasonable circumstances is above reproach.

The focus of risk management in the BCA is on identifying, assessing, managing and monitoring all known forms of risk across the BCA. While operating risk cannot be fully eliminated, the BCA endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The bca council is of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss. The going-concern basis has been adopted in preparing the financial statements. Based on forecasts and available cash resources the bca council has no reason to believe that the BCA will not be a going concern in the foreseeable future. The annual financial statements support the viability of the BCA.

The annual financial statements set out on pages 7 to 20, and the supplementary information set out on page 21 which have been prepared on the going concern basis, were approved by the bca council and were signed on 30 April 2022 on its behalf by:

Chipo Zumburani
Treasurer

Tukebana Bau
President

Messaoud Zobiri
Deputy President

Badminton Confederation Africa

Annual Financial Statements for the year ended 31 December 2022

Management's Report

The BCA COUNCIL presents its report for the year ended 31 December 2022.

1. Review of activities

Main business and operations

The principal activity of the BCA is a Continental Sport's Governing Body. There were no major changes herein during the year.

The operating results and statement of financial position of the BCA are fully set out in the attached financial statements and do not in our opinion require any further comment.

2. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The BCA COUNCIL believes that the BCA has adequate financial resources to continue in operation for the foreseeable future and accordingly the annual financial statements have been prepared on a going concern basis.

The BCA COUNCIL has satisfied itself that the BCA is in a sound financial position and that it has access to sufficient funding to meet its foreseeable cash requirements.

The BCA COUNCIL is not aware of any new material changes that may adversely impact the BCA. The BCA COUNCIL is also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the BCA.

The annual financial statements have been prepared on the going concern basis, since the BCA COUNCIL has every reason to believe that the BCA has adequate resources in place to continue in operation for the foreseeable future.

3. Events after reporting date

The BCA COUNCIL is not aware of any matter or circumstance arising since the end of the financial year to the date of this report that could have a material effect on the financial position of the BCA.

DAVID VERMAAK BTAS SERVICE (PROPRIETOR)

Report of the Compiler

To the Council of the Badminton Confederation Africa

We have compiled the accompanying financial statements of Badminton Confederation Africa based on information you have provided. These financial statements comprise the statement of financial position as at 31 December 2022, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

We performed this compilation engagement in accordance with International Standard on Related Services 4410 (Revised), Compilation Engagements.

We have applied our expertise in accounting and financial reporting to assist you in the preparation and presentation of these financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act of South Africa. We have complied with relevant ethical requirements, including principles of integrity, objectivity, professional competence and due care.

These financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

Since a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on whether these financial statements are prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities.

Net increase in cash and cash equivalents		52,183	12,994
Cash and cash equivalents at beginning of the year		40,564	27,570
Cash and cash equivalents at end of the year	7	92,747	40,564

Badminton Confederation Africa

Financial Statements for the year ended 31 December 2022

Accounting Policies

1. General information

Badminton Confederation Africa is a non-profit organisation.

2. Basis of preparation and summary of significant accounting policies

The financial statements of Badminton Confederation Africa have been prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the Companies Act of South Africa. The financial statements have been prepared under the historical cost convention. They are presented in United States Dollars.

The principal accounting policies applied in the preparation of these annual financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Property, plant and equipment

Property, plant and equipment is stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the bca council.

The BCA adds to the carrying amount of an item of property, plant and equipment the cost of replacing parts of such an item when that cost is incurred if the replacement part is expected to provide incremental future benefits to the BCA. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to surplus or deficit during the period in which they are incurred.

Asset class	Useful life / depreciation rate
Fixtures and fittings	6 Years
Office equipment	4 Years
Computer equipment	4 Years

2.2 Financial instruments

Trade and other receivables

Trade receivables are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the BCA will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown in current liabilities on the statement of financial position.

Trade and other payables

Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Badminton Confederation Africa

Financial Statements for the year ended 31 December 2022

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

2.3 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first-in, first-out (FIFO) method. The cost of finished goods and work in progress comprises packaging costs, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). At each reporting date, inventories are assessed for impairment. If inventory is impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit or loss.

2.4 Provisions

Provisions are measured at the present value of the amount expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

2.5 Revenue

Revenue is measured at the fair value of the consideration received or receivable. Revenue is shown net of value-added tax, returns, rebates and discounts.

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the end of the reporting period. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

- the amount of revenue can be measured reliably; and
- it is probable that the economic benefits associated with the transaction will flow to the entity; and
- the stage of completion of the transaction at the end of the reporting period can be measured reliably; and
- the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When the outcome of transactions involving the rendering of services cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

Interest income is recognised using the effective interest method.

2.6 BWF Grants

Grants from the Badminton World Federation are recognised at their fair value in profit or loss where there is a reasonable assurance that the grant will be received and the BCA has complied with all attached conditions. Grants received where the BCA has yet to comply with all attached conditions are recognised as a liability (and included in deferred income within trade and other payables) and released to income when all attached conditions have been complied with. Badminton World Federation grants received are included in 'other income' in profit or loss.

3. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

No significant estimates and adjustments have been applied in the preparation of these financial statements.
